

Aloysius Support Team for Money Worries

We'll listen and provide support and advice

Money worries? Call us!

If you have money worries, you may not be able to afford trainers, a computer or sports activities for your child. This can be stressful, both for you and your child. Stress is not good, because it makes learning more difficult.

Give us a call!

Your child should be able to take part in school activities, play sports and take music lessons if they wish. So if you are worried about money to fund these, call the Aloysius Support Team! We will listen, provide support and advice, and look for ways we can help.

What can we do for you?

We do not give money. We do listen. And we provide advice and support. Together, we explore ways to help your child. We will look for ways to get your child school supplies, maybe a bike, a computer, sports or activities kit.
